Sales Module — Bikri ka Hisaab

GST-ready invoices banayein — seconds mein, bina galti ke

● Sales Invoice (SI-XXXX)

- › Auto number — SI-0001, SI-0002 apne aap banta hai
- › Manual mode — apna number khud likhein
- › Custom prefix — INV, BILL, SALES — jo chahein
- › Series shuru kahan se — doc start number set karein
- › Duplicate number warning — galti se bachao
- › Multiple items ek invoice mein
- › Item checkbox — tick karo jo include karna hai
- › HSN/SAC code har item ke saath

● GST Auto-Calculation

- › Discount pehle lagta hai, phir GST — bilkul sahi formula
- › Intra-state: CGST + SGST automatic split
- › Inter-state: IGST automatic
- › "GST Inc." toggle — inclusive rate daalo, base auto nikal jata hai
- › Alag-alag tax rates ek invoice mein
- › Tax summary table invoice pe clearly dikhai deti hai

● Invoice Options

- › Transport charges — tax ke baad add karein
- › Alag shipping address — agar delivery aur billing alag ho
- › Party ka GSTIN aur state auto-fill
- › Place of supply select karein
- › Notes / narration field
- › Print-ready invoice — seedha customer ko bhejein
- › PDF download — WhatsApp pe share karein

● Credit Note (CN-XXXX)

- › Goods return ya price correction ke liye
- › Original invoice se link hota hai
- › Partial ya पूरी credit — aap decide karein
- › GST reversal automatic calculate hota hai
- › Customer ka outstanding balance auto-update
- › GSTR-1 mein automatically include

Purchase Module — Kharidi ka Hisaab

Supplier bills record karein aur GST Input Credit track karein

● Purchase Bill (PB-XXXX)

- › Supplier ka bill enter karein GST breakup ke saath
- › Input Tax Credit (ITC) automatic track hota hai
- › HSN/SAC code har item pe
- › GST-inclusive toggle yahan bhi kaam karta hai
- › Bill status — Unpaid / Partial / Paid
- › Custom prefix aur serial mode apni choice se

● Debit Note (DN-XXXX)

- › Supplier ko maal wapas karna ho toh Debit Note
- › Original purchase bill se link
- › GST reversal — ITC automatically adjust
- › Supplier ka outstanding balance update
- › GSTR-3B mein reflect hota hai

Payments — Lena aur Dena

Bill-wise payment track karein — koi invoice bhuli nahi, koi payment miss nahi

● Receipt — Customer se Lena (REC-XXXX)

- › Customer se payment receive karein
- › Bill-wise — kaun se invoice ke against aaya decide karein
- › On-account bhi — baad mein adjust kar saktein hain
- › Partial payment — thoda aaya, baaki baad mein
- › Invoice status auto-update — Partial ya Paid
- › Ek receipt mein multiple invoices settle karein
- › Cash / Bank / UPI — mode note karein

● Payment — Supplier ko Dena (PAY-XXXX)

- › Supplier ko payment karein purchase bills ke against
- › Bill-wise ya on-account

- › Directly list se receive/pay kar sakte hain
- › Party Statement — bill-wise toggle

● Party Ledger

- › Har party ka pura hisaab — Dr/Cr entries
- › Running balance column — har transaction ke baad
- › Date range se filter
- › Sales, purchase, receipt, payment sab ek jagah
- › Opening balance included
- › Print ya export kar saktein hain

Cash & Bank — Naqdani ka Hisaab

Multiple accounts, expenses aur cash flow — sab ek jagah

● Multiple Accounts

- › Cash in Hand, Petty Cash, SBI, HDFC — jitne chahein
- › Har account ka alag balance
- › Receipt/Payment mein account link karein
- › Balance automatically update hota hai
- › Account-wise transaction history

● Expenses & Contra

- › Kiraya, bijli, salary, office ka kharcha — sab record karein
- › Expense heads master — Rent, Electricity, Salary etc.
- › Contra entry — cash se bank mein ya bank se cash
- › Cash Book — roz ka naqdani ka hisaab
- › Bank Statement — account-wise sab transactions

Accounting Reports

CA ko chahiye sab kuch — Trial Balance se leke GST Returns tak

● Trial Balance

- › Standard format — sabhi accounts ek jagah
- › Debtors aur Creditors group
- › Sales aur Purchase accounts
- › Bank aur Cash balances
- › GST liability aur ITC accounts
- › Debit = Credit — auto verify hota hai
- › CA ke liye ready format

● GSTR-1 Return

- › B2B invoices — GSTIN wale customers ka breakup
- › B2C summary — bina GSTIN wale ka
- › Month aur Year filter
- › JSON export — GST portal pe seedha upload
- › HSN-wise summary
- › IGST / CGST / SGST split automatically
- › Zero manual kaam — data already fill hai

● GSTR-3B Return

- › Output GST — aapki sales se
- › Input Tax Credit (ITC) — purchases se
- › Net GST payable auto-calculate
- › Month aur Year filter
- › Ready-to-fill format
- › GSTR-1 se match karta hai

● Deleted Vouchers — Bin

- › Delete kiya hua document seedha nahi jaata
- › Bin mein save rehta hai
- › Restore karein — wapas active ho jaayega
- › Permanent delete — jab pakka sure ho
- › Galti se delete ki chinta khatam

Inventory — Maal ka Hisaab

Stock kabhi miss nahi hoga — real-time tracking with alerts

● Real-time Stock

- › Opening stock + kharida hua – becha hua = current stock
- › Average rate automatic calculate
- › Stock value — qty × average rate
- › Low stock alert — threshold set karein
- › Item-wise stock report
- › Category filter se dhundho

● Barcode System

- › Item save karte hi barcode auto-generate
- › Scanner se scan karo — invoice mein item auto-add
- › Single ya bulk label print
- › Custom label designer — drag & drop
- › Logo, business name, price label banayein
- › Multiple templates

Masters — Sabhi Master Data

Parties, items, units — ek baar daalein, baar baar kaam aayein

● Parties

- › Inline row editing — fast changes
- › HSN/SAC codes — full list maintain karein
- › GST Tax Rates — khud add karein
- › States — poore India ki list built-in

Business Settings

Apna business apne hisaab se customize karein

● Business Profile

- › Business name, GSTIN, PAN
- › Poora address state ke saath
- › Financial year start month
- › Business logo upload
- › Contact email aur phone
- › Industry type selection

● Invoice Configuration

- › Custom prefix — SI, INV, BILL — jo aapka style ho
- › Serial mode — Auto ya Manual apni choice
- › Doc start number — series kahan se shuru ho
- › Print template customize karein
- › Footer text apna add karein invoices pe

● Users & Staff Permissions

- › Multiple staff accounts ek business mein
- › Roles — Business Admin / Staff
- › Module-wise permission — kaun kya dekhe
- › Staff ko sirf unka module dikhega
- › Password reset by admin
- › Plan ke hisaab se max users

● Data Backup & Restore

- › Ek click — poora data JSON file mein download
- › Parties, items, vouchers, payments — sab included
- › Kabhi bhi download karein — koi limit nahi
- › Restore — data wapas import karein
- › Desktop version mein auto-daily backup

Cloud Version — Kahin bhi, Kabhi bhi

Browser kholo aur kaam shuru — koi installation nahi, koi maintenance nahi

● Kahi se Access

- › Ghar, dukaan, mobile, laptop — koi bhi device
- › Chrome, Firefox, Safari — koi bhi browser
- › Internet ho bas — kaam shuru
- › Data automatically cloud pe safe
- › Power cut ya PC crash — data safe hai

● Security

- › HTTPS — data encrypted travel karta hai
- › Aapka data sirf aapka — koi aur access nahi kar sakta
- › Role-based access — staff sirf unka module dekhe
- › Session expire on logout
- › Multiple businesses — alag-alag data, zero mixing

Desktop LAN Version — Internet ki Zaroorat Nahi

Ek PC server — baaki sab browser se connect — data kabhi cloud pe nahi jaata

● Kaise Kaam Karta Hai

- › Ek PC pe BizCor Desktop install karein (Windows .EXE)
- › Wo PC server ban jaata hai — internet ki zaroorat nahi
- › Baaki PCs browser khol ke connect karein — koi install nahi
- › QR code scan karein phone se — instantly connect
- › <http://bizcor.local> — IP yaad rakhne ki zaroorat nahi
- › Same WiFi pe sab PCs ka live data ek saath

● Data Privacy

- › Poora data sirf aapke PC pe — cloud pe kuch nahi
- › Internet cut ho jaaye — kaam chalte rehta hai
- › Bijli aayi, system chalu — wapas kaam
- › Data sirf aapke haath mein

● Auto Backup (Desktop)

- › Roz raat ko silently backup hota hai — aap sote rahein
- › Last 7 backup copies saved — purane automatically delete
- › Manual backup — ek click se kabhi bhi
- › Backup pe apna PIN lock — koi aur file nahi khol sakta
- › Restore — login se PEHLE restore kar saktein hain
- › Kisi bhi PC pe restore karo — same data wapas

● Internal Staff Chat (LAN)

- › Staff-to-staff message — internet ki zaroorat nahi
- › Text, file aur image bhejein
- › Real-time — turant deliver
- › Draggable chat window
- › File thumbnail preview

Offline Mode — Internet Gaya, Kaam Nahi Gaya

Invoice aur data entry offline bhi — internet aayega to auto-sync

● Offline Drafts

- › Internet nahi hai — phir bhi invoice banayein
- › Draft locally save hoti hai
- › `/offline-drafts` — saari pending drafts dekho
- › Internet aaya — auto sync in seconds
- › Sync status — pending / synced clearly dikhai deta hai

● Multi-Device

- › Multiple PCs — LAN pe real-time sync
- › Ek ne invoice banaya — doosre ko turant dikha
- › Conflict — newer data jeet ta hai
- › Cloud version mein bhi multi-device support
